About the Society

The mission of the Society of Statistics, Computer and Applications (SSCA) is to provide a platform for promotion and dissemination of research in Statistics, blended with information technology, among both theoretical and applied statisticians dedicated to advancing technology for the benefit of humanity. Statistics and Applications is an open access journal published by SSCA.

About the Journal

- ◆ The Journal “**Statistics and Applications**” (S&A) is a multidimensional and all-inclusive bridge for fusion of classical theory of statistics and the emerging interdisciplinary aspects in other prominent sciences.
- ◆ Publishes articles from both theoretical and applied statistics and other branches of science where statistics plays a prominent role. But we do insist on high quality of research content and presentation.
- ◆ While we maintain our traditional strength in basic research in statistics, we have a far more wider horizon to encompass within our gamete the new problems that confront us as scientists.
- ◆ We aspire to serve as easily accessible global platform for high quality research on every aspect of our field.
- ◆ The quality of our elaborate editorial board, comprising of celebrated and well recognised research professionals of high repute from different parts of the world, echoes our priority.
- ◆ Open access with no article processing or printing charges. The readers can view and download full paper without any cost.
- ◆ Two issues per volume and one volume per year with high quality articles.
- ◆ S&A is indexed in
 - ◆ Web of Science {Emerging Sources Citation Index (ESCI)};
 - ◆ Google Scholar
 - ◆ included in UGC Care list (India)
 - ◆ rated by the National Academy of Agricultural Sciences with a score of 5.76 effective 01 January 2021.
